TIDEWATER PROPERTY MANAGEMENT HIRES SEASONED COMMUNITY ASSOCIATION MANAGER, DON GENTRY

Owings Mills, MD (October 25, 2018) – Tidewater Property Management (<http://www.tidewaterproperty.com>), a Maryland based residential HOA and COA property management company, is pleased to announce that Don Gentry has joined Tidewater’s ever expanding community management team. Gentry has taken on the role as a Community Association Manager for Tidewater’s Baltimore region and will be providing support and guidance to Tidewater’s portfolio of communities.

Prior to joining Tidewater Property Management, Gentry was a Portfolio Manager at Residential Realty Group for 11 years where he managed the physical condition, financial health, administrative tasks, and public relations for a variety of communities. Overall, he has more than 15 years of experience in residential property management, in addition to experience in general hotel management, government contract management, and building engineer experience.

“Don is a great addition to the community association team. It’s evident that he has the natural leadership a Community Association Manager must have in order to voice their opinion to lead the Board of Directors and their communities in the right direction. This type of leadership only comes from years of experience in the field,” said Gail Windisch, Senior Director of Operations.

Don currently holds the CMCA®, AMS®, and PCAM® designations.
